

# Join Our Specialized Courses in Clinical Embryology & Infertility

## ▶ **M.Sc. Clinical Embryology (2 Years Course) - Awarded By Chaitanya Deemed To Be University**

## ▶ **Basic Infertility Courses (2 Days)**

This 2-day intensive course is designed for medical professionals who want to strengthen their understanding of infertility. Participants will gain essential knowledge about reproductive physiology, diagnostic tools, and treatment approaches in infertility care.

### **Course Objectives**

- Understand the basics of reproductive physiology
- Learn to evaluate and diagnose common causes of infertility
- Review essential investigations and interpretation
- Gain insight into first-line management strategies (IUI)
- Explore assisted reproductive technologies (ART) basics
- Discuss patient counseling and ethics in infertility care

## ▶ **Advanced Fertility Courses (7 Days)**

### **Course Objectives**

**By the end of this course, participants will be able to:**

- Master advanced infertility evaluation protocols
- Apply evidence-based management strategies
- Interpret specialized investigations (AMH, HSG, laparoscopy, semen analysis)
- Understand advanced ART techniques: IUI, IVF, IESI, cryopreservation
- Gain insight into ovarian stimulation protocols & luteal support

- Address recurrent pregnancy loss and implantation failure
- Apply ethical & legal considerations in practice

▶ **Master Classes on Specific Infertility Topics (2 hours)**

▶ **1 Year Fellowship Certificate Course In Fertility Treatment In Collaboration With Indian Medical Association.**
